

EDITH WHARTON

Summer

LibriVox

Summer

by Edith Wharton (1862-1937)

Summer tells the story of the sexual awakening of a young woman and the consequences of her moral decisions. It is one of only two Wharton novels to be set in rural New England. Only moderately well-received when originally published in 1917, *Summer* has had a resurgence in critical popularity since the 1960's. (Wikipedia)
